The cow boys will soon be through with this year's work, and will go home to take their much needed rest and shelter themselves from the hot sun and beating rains.

Not long ago we saw in the Fort Drum items of two hunters that got into a bad hog fight and were whipped. If you could have seen their dogs you would not wonder at that razorback attacking them.

## WABASSO.

The family of Henry Roberts have left Wabasso and will make their home in Maine.

The family of Adam Eby, who were here here last winter, are expected again in about two weeks.

Mrs. Thomas Jones is reported to be seriously ill. Dr. Lloyd was called and made the patient as comfortable as possible.

Though Wabasso is at present almost depopulated the interest in the Sunday school is manifested by the comparatively good attendance.

Capt. R. S. Nelson was in town last week. He has gone to his home to take a much needed rest. We wish him a speedy recovery.

Mrs. Vreeland's class in right reading and vocal culture is making fine progress; the children are intensely interested and take pleasure in the study.

Mr. and Mrs. W. L. Keefer have been heard from by a number of friends here. They are enjoying the sights of Washington, D. C., and other points of interest in the east.

## VERO.

The wire is up for the Vero telephone lines and we are now waiting for the hello boxes.

A jolly party of our young people visited friends at Sebastian Sunday and Monday. They traveled by launch, and report a good time.

The lumber for N. O. Penny's packing house has arrived. Mr. Penny says the new house will be 50 feet long by 16 feet wide. It will be the finest and largest packing house in our town.

## Ballasting the Roadbed.

On Monday the work of ballasting the F. E. C. railway between St. Augustine and Jacksonville began, and will be speedily pushed. Miami rock will be used in the work and a number of cars and a large force of men will be employed until the task is completed. On the southern end the road has been ballasted already, Miami rock being used for the purpose. The work will be continued until the entire length of the road is steady and solid.

## A Quaint Inscription.

An old churchyard near London is famous for the inscriptions on its tombstones. There is one on the memorial of Susannah Barford, died 1652, aet. 10 years and 13 weeks. The concluding lines beneath the skull and crossbones on her monument are:

Her stage was short, her thread was quickly spun,  
Drove out and cutt, got heaven, her work was done.  
This world to her was but a traged play,  
She came and saw't, dislik't and passed away.

## Insurance and Assurance.

"Pa," asked Tommy, "what's the difference between 'assurance' and 'insurance'?"

"Well, my son, one is what the agent says, and the other is what he persists in saying to sell you."—Catholic Standard

## NARROWS.

Rain! rain! oh, my! and mosquitoes. Sebastian need not claim any of ours. We have them everyone.

Mrs. Tedder, of Port Orange, a relative of our postmaster, K. M. Tedder, is visiting relatives and friends in our burg.

F. R. Crawford, of Bradford county, is prospecting in our midst, with a view to locating. We hope that he will be successful.

D. L. Sheffield was on the Island last Tuesday and Wednesday, exhibiting some views of the Florida Photographic Concern, and taking orders for same.

Mr. and Mrs. J. H. Jones and J. L. Knight, of Stanwood, were visiting at the home of Mr. and Mrs. F. C. Popple, Wednesday evening, and spent the time pleasantly with music and singing.

Wyatt Jackson and family, who have been spending the summer at Perry, returned to their home at Narrows last Wednesday, accompanied by Mr. and Mrs. Denmark, Mr. Jackson's sister and her husband.

J. L. Chambers, who was reported last week as being very sick with erysipelas, has about recovered, and says that he feels able to go to work setting tomato plants, of which he has a fine lot ready for planting.

Miss Ella M. Wigfield left Thursday afternoon for Fort Pierce to serve as a member of the grading committee, returning to her school Sunday afternoon. We are glad to hear that all who took the examination secured certificates.

Elder D. B. Sheffield arrived home, much to the pleasure of his many friends and relatives, after an extended trip through the Suwannee and Mount Enon sections. He was met at Quay by Mrs. Sheffield, who had been visiting her children at Fort Pierce.

Geo. Beal, of Stanwood, came down to spend Thursday night with Charles Harris. After supper he went to get his pipe out of his coat, which was hanging on the gun rack, and in so doing pulled the gun out of the rack, it falling breech foremost, discharging the load, which just missed Mr. Beal's head, but the force of the exploding tore out the fleshy part of his hand. He left next morning for Fort Pierce to have his hand treated by a doctor. We were sorry of the accident but glad to know that it will not be a permanent injury.

We have not heard the wedding bells yet, but we are waiting patiently.

J. A. Harris will leave Monday for the Narrows, where he expects to truck farm this winter.

J. W. Knight expects to leave Thursday for Quay. He will go to the county seat before returning home.

Everybody is preparing for orange hauling here. They will commence about the first of November.

A nice company of young folks enjoyed themselves very much Sunday afternoon at J. M. Lee's home.

John F. Parker expects to leave in a few days for Fort Pierce, where he will attend to some special business.

G. W. Drawdy, Jr., has just hired two hands which he expects to put in his hammock grove to work. Guess he will have it in nice shape pretty soon.

The Narrows correspondent said the mosquitoes had all gone. Well, we suppose they have, for we had a light shower of them here a few days ago. We would be glad if they would go back home, for they have steel pointed bills and we do not like them a bit.

## Snake in the Baby Carriage.

Mrs. William Sawyer, of Carrabelle, had an exciting experience Thursday afternoon. With babe in arms she went to its little carriage to lay it down. She lifted the pillow to turn it over and was greatly startled to find a snake coiled up beneath it. The reptile was quickly killed. It was a harmless creature of the garter variety, but the puzzle is how it got into the carriage in the house.

## Roosevelt to Visit Jacksonville.

When President Roosevelt comes to Jacksonville, October 21, the First regiment of infantry, Florida State Troops, will be in camp at Lake City, and there is a movement on foot to have the entire regiment brought to Jacksonville and pass in review before the President of the United States. It will not be the first time that President Roosevelt has seen the First Florida, for, during the Spanish-American War, the regiment was camped for two months at Tampa, and the President was then lieutenant-colonel of the Rough Riders' regiment, officially known as the First United States volunteer cavalry, and was also camped at Tampa.

## Frank Clark Visits Indian Territory.

Information has been received here that Hon. Frank Clark went down to his old stamping ground, at Shawnee, Okla., on an important law case, and was there on Labor Day. Milton Bryant, an old Volusia County boy, was orator of the day. He was followed by Hon. Frank Clark, who was called on, says a Shawnee paper, and made an eloquent address. The same paper states that his many friends are arranging to give him a reception and banquet, and that it will be made a Territorial affair. It also says that no man in Congress will be better prepared to discuss Territorial affairs than Mr. Clark, and predicts a brilliant future for him.

## First Oranges of the Season.

The first Florida oranges of the present season have been received by Albert J. Bucky, of Jacksonville. The oranges consisted of one lot of twenty-five boxes, from the Pierson grove, at Pierson, Volusia County. Mr. Bucky had no trouble in disposing of the entire lot during the day—in fact, twenty-one boxes were sold within two hours after they were received.
